In order to comply with the Canada Revenue Agency regulations in collecting Canadian Federal Goods and Services Tax (GST), Provincial Sales Tax (PST)/Quebec Sales Tax (QST), or Harmonized Sales Tax (HST), all Newegg Canada Marketplace Sellers are responsible to set up how the tax is collected based on below sales tax collection guidelines effective **May 20, 2020**.

## **Seller who operates business and order fulfillment center within Canada:**

Seller is required to provide Federal and Province Registration Numbers in Seller Portal and Newegg Canada will collect GST, PST/QST, or HST based on the registration numbers provided for customer orders placed on Newegg Canada website depending on which province or territory the order is shipped to. Newegg will then remit all taxes collected from customer orders to seller according to Newegg Canada Marketplace payment terms and seller will be responsible to remit all taxes to appropriate tax authorities.

## **Seller who operates business outside of Canada but operates order fulfillment center in Canada:**

Seller will follow the same guideline as **Seller who operates business and order fulfillment center within Canada** stated above.
